

SLRTableDialog::SLRTable
Dialog

```
graph LR; A[SLRTableDialog::SLRTableDialog] --> B[SLRTableDialog::setInitialData]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'SLRTableDialog::SLRTableDialog' on two lines. The right box is gray with a black border and contains the text 'SLRTableDialog::setInitialData' on one line.

SLRTableDialog::setInitialData
