

TutorialManager::start

```
graph LR; start[TutorialManager::start] --> nextStep[TutorialManager::nextStep]; nextStep --> hideOverlay[TutorialManager::hideOverlay]; nextStep --> stepStarted[TutorialManager::stepStarted]; nextStep --> tutorialFinished[TutorialManager::tutorial Finished]; hideOverlay --> nextStep;
```

The diagram illustrates the flow of a tutorial manager. It begins with a grey box labeled 'TutorialManager::start', which points to a white box labeled 'TutorialManager::nextStep'. From 'TutorialManager::nextStep', three arrows point to 'TutorialManager::hideOverlay', 'TutorialManager::stepStarted', and 'TutorialManager::tutorial Finished'. Additionally, an arrow points from 'TutorialManager::hideOverlay' back to 'TutorialManager::nextStep'.
