The diagram illustrates a dependency or relationship between grammar generation methods and a feature check. On the left, two white rectangular boxes with black borders contain the text 'GrammarFactory::GenLL1Grammar' and 'GrammarFactory::GenSLR1Grammar'. On the right, a larger gray rectangular box with a black border contains the text 'GrammarFactory::HasUnreachable Symbols'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both generation methods rely on or interact with the 'HasUnreachable Symbols' feature.
