

LLTutorWindow::LLTutorWindow

```
graph LR; A[LLTutorWindow::LLTutorWindow] --> B[LLTutorWindow::addMessage]; A --> C[LLTutorWindow::FormatGrammar]; A --> D[LLTutorWindow::generateQuestion]; A --> E[CustomTextEdit::sendRequested]; A --> F[LLTutorWindow::updateProgress Panel]; A --> A;
```

The diagram illustrates the relationships between a class and its methods. A central box on the left, labeled 'LLTutorWindow::LLTutorWindow', has five outgoing arrows pointing to boxes on the right. These boxes represent methods: 'LLTutorWindow::addMessage', 'LLTutorWindow::FormatGrammar', 'LLTutorWindow::generateQuestion', 'CustomTextEdit::sendRequested', and 'LLTutorWindow::updateProgress Panel'. Additionally, there is a curved arrow on the left box pointing back to itself, indicating a self-call or a recursive relationship.
