

widgets/appicon.h

```
graph BT; A[app/main.cpp] --> C[widgets/appicon.h]; B[gui/mainwindow.cpp] --> C;
```

A diagram illustrating file dependencies. At the top is a gray rectangular box containing the text 'widgets/appicon.h'. Below it, on the left, is a white rectangular box containing 'app/main.cpp', and on the right is another white rectangular box containing 'gui/mainwindow.cpp'. Two blue arrows originate from the top-right corner of the 'app/main.cpp' box and the top-left corner of the 'gui/mainwindow.cpp' box, both pointing upwards to the bottom edge of the 'widgets/appicon.h' box. This indicates that both source files include or depend on the 'widgets/appicon.h' header file.

app/main.cpp

gui/mainwindow.cpp
