

SLRTutorWindow::generate
Question

SLRTutorWindow::exportConversation
ToPdf

SLRTutorWindow::showTable

SLRTutorWindow::solution

SLRTutorWindow::tableColumns

```
graph LR; A[SLRTutorWindow::generateQuestion] --> B[SLRTutorWindow::exportConversationToPdf]; B --> D[SLRTutorWindow::tableColumns]; C[SLRTutorWindow::showTable] --> D; E[SLRTutorWindow::solution] --> D; C --> C
```

The diagram is a flowchart with five rectangular nodes. The node 'SLRTutorWindow::generateQuestion' is at the top left. A straight blue arrow points from it to 'SLRTutorWindow::exportConversationToPdf' at the top right. From 'SLRTutorWindow::exportConversationToPdf', a straight blue arrow points down to 'SLRTutorWindow::tableColumns' on the right. 'SLRTutorWindow::tableColumns' is shaded gray. Below 'SLRTutorWindow::exportConversationToPdf' is 'SLRTutorWindow::showTable'. A curved blue arrow loops from the right side of 'SLRTutorWindow::showTable' back to its left side. A straight blue arrow points from 'SLRTutorWindow::showTable' to 'SLRTutorWindow::tableColumns'. At the bottom is 'SLRTutorWindow::solution'. A straight blue arrow points from 'SLRTutorWindow::solution' to 'SLRTutorWindow::tableColumns'.
